HISTORY

'We're going to provide across Karnataka, Andhra & Telangana with the best possible electrical service we can, we're going into business!'

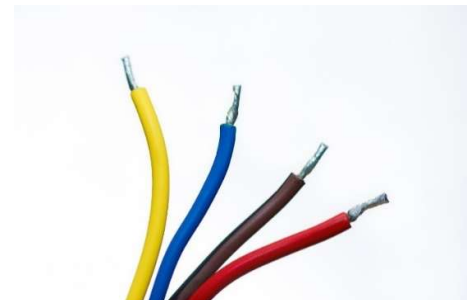

From humble beginnings in 2022, Harish Kumar was able to leverage from the experience he gained during his early projects.

With a combination of astute electrical problem solving skills, a passion for customer service and a can do attitude, Harish Kumar quickly found a way to deliver successful electrical outcomes for commercial, residential and industrial customers throughout south India. During the early years and with organic growth, business reputation spread throughout the South India and new services such voice & data communications were introduced to deal with ever increasing demand.

Today, underpinned by the original five core company values of Safety, Honesty, Integrity, Transparency and Innovation. The Mega Power Electricals now employs 12 staff across its Services & Projects business units. As we did from week one, we continue to provide cutting edge electrical solutions to customers and major clients in Bangalore.

We've never forgotten our roots and who we are and we're extremely proud of what we do — no job is too large or too small for "The Mega Power Electricals".
